Disclosure of AUO's Sustainable Economic Activities

AUO has long been committed to green manufacturing and low-carbon transformation. Guided by international sustainability standards, the Company continuously strengthens supply chain resilience and its sustainable competitiveness.

In 2025, based on the second edition of the Sustainable Economic Activity Reference Guidelines published by the FSC at the end of 2024, AUO comprehensively reviewed and disclosed the sustainability attributes of its economic activities.

The Guidelines support Taiwan's 2050 net-zero emissions target. Through clear assessment principles, they help enterprises determine whether economic activities make a substantial contribution to six environmental objectives, including climate change mitigation and biodiversity conservation, while ensuring that no significant environmental or social harm is caused.

The inventory results of AUO's relevant economic activities are as follows:

Assessment Criteria	Economic Activities					
1. Category of Economic Activity	Panel and Component Manufacturing	Computers and Peripheral Equipment	Renewable Energy Generation, Facilities and Related Components	Energy Technology Services (ESCO) or Professional Energy-Saving Services	Water-Saving, Water Recycling or Alternative Water Source Equipment/Systems, Technology Development and Services	Others
2. 2025 Revenue and Percentage of Total Revenue	225,264.9 (80.05%)	6,199.4 (2.20%)	2,745.7 (0.98%)	927.8 (0.33%)	257.7 (0.09%)	45,992.2 (16.35%)

Unit: NT$ million (%)						
3. Applicable Activity Type	General	General	Enabling	Enabling	Enabling	N/A
4. Determine Whether the Activity Qualifies as a Sustainable Economic Activity Based on the Following Three Criteria						
Condition 1: Meets technical screening criteria for substantial contribution to climate change mitigation	Meets	Does not meet				
Condition 2: No significant harm to six environmental objectives	Meets	Meets	Meets	Meets	Meets	
Condition 3: No significant harm to social safeguards	Meets	Meets	Meets	Meets	Meets	
Improvement plan?		No				
5. Assessment Result: Compliance and Sustainability Status	Compliant	Not Compliant	Compliant	Compliant	Compliant	N/A
